A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

My attention had been drawn to them by the capitulum De sancta Cecilia, on fol. 132 v., and seriously engaged by the considerations it suggested. Next in order of time came the discovery of the textual capacity of a page of the exemplar of the Missal. As I had a few years previously learnt from another Corpus MS. how happy might be the results of such a discovery, I could but hope that, in some as yet unsuspected way, the fact now ascertained might open out to me the history of the document. Next came the very reassuring witness to the antiquity of the prototype which I discerned in the Mass In Veneratione sancti Michaelis archangeli on fol. 122.
