Brand New Book ***** Print on Demand *****.Excerpt from Cottons, Linens, Woollens, Silks: How to Buy and Judge Materials, an Useful Guide With Facts for Warehouse, Shop and Home The varieties and trade names given to woven textile materials have become so numerous, that sometimes there is a tendency for retailers and general users to get confused with their identification. The trade definitions sometimes given to materials appear also to mislead, such as, for examples, flannel, Colonial silk, mercerised silk, c. In other instances, when nothing to the contrary is stated, or a, fancy name is given to the article, there is an implication that a person will obtain the genuine material in its construction, such as pure silk, woollen, or linen. Some people will form their opinion of comparative values of materials by appearance and accustomed feel, they would scarcely think of any other method as an alternative.
