

Optimization-Based Computer-Aided Modelling and Design: Proceedings of the First Working Conference of the Ifip Tc 7.6 Working Group, the Hague, the Netherlands, 1991

By -

Springer. Paperback. Book Condition: New. Paperback. 273 pages. Dimensions: 9.6in. x 6.7in. x 0.6in. The working conference dealt with recent developments in the field of modelling and optimization and with knowledge based decision support systems. This contributed to the realization of the aims of the working group 7.6 which are: - to promote theoretical research in the field of optimization including mathematical programming and optimal control; - to encourage the development of sophisticated knowledge based systems in which refined optimization models and algorithms are used; - to contribute to the exchange and dissemination of information and collective experience among the interested groups and individuals; - to support the practical application of such systems in control, engineering, industry, economy etc. A selection of papers is included into this proceedings volume since they reflect the current state of research in areas of interest to the field of (KB)DSS, and they are the value for the dissemination and exchange of information related to research topics of interest, and they describe relevant practical experience related to designing, building, implementing and using (KB)DSS. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Olga Ledner MD**

Complete guide for publication enthusiasts. I have read and i am sure that i will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.
