SUCH TROOPS AS THESE: THE GENIUS AND LEADERSHIP OF CONFEDERATE GENERAL STONEWALL

DOWNLOAD

Berkley Caliber. 1 Paperback(s), 2014. soft. Book Condition: New. The author of MacArthur's War and How Hitler Could Have Won World War II, decorated war veteran and military historian Bevin Alexander here considers the strategies of Thomas J. "Stonewall" Jackson. The Confederate general believed that invasions of the North's undefended seaboard states could divide and cripple the Union, forcing surrender. Jackson also saw the opportunity for employing new infantry weapons to break Union attacks, but he failed to convince Confederate president Jefferson Davis or General Robert E. Lee. Alexander persuasively argues that, if broadly implemented, Jackson's strategies might have led to a Southern victory."Alexander continues to demonstrate the breadth of his historical knowledge, the keenness of his insight and his outstanding capacity to write a compelling and engaging narrative. This is the best book on Stonewall Jackson's unique military genius and unmatched leadership published in many years. Alexander cuts through a century and a half of mythmaking about the Confederate high command to reveal not only Jackson's true genius, but to also expose the failures of Robert E. Lee and Jefferson Davis that cost the South any chance of victory."Armchair General 324.
