By Yoram Barzel

Cambridge University Press. Hardcover. Book Condition: New. Hardcover. 308 pages. Dimensions: 9.2in. x 6.1in. x 0.9in. This book models the emergence and evolution of the rule-of-law state. The protector or ruler is assumed to be self-seeking. Individuals will install a protector only after they create institutions to control him. Organized protection engenders legal institutions that enforce rights. A state of nature then gradually turns into a rule-of-law state. Individuals employ both the state and other third parties for enforcement. The fraction of agreements that the state enforces determines its scope. Rule-of-law states encourage market transactions and standards that facilitate trade. The larger the domain of the states ultimate enforcer, the greater the advantage of scale economies to contracting. This force may explain the creation of rule-of-law empires. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
