Createspace, United States, 2010. Paperback. Book Condition: New. 102 x 61 mm. Language: English . Brand New Book ***** Print on Demand *****. Become a better investor by learning the basic laws and theories of money and investing. Long time national financial radio host. educator, and investment advisor, Don McDonald shares, in an easy reading format, the truth about how investing is meant to work (for you) and some simple methods of avoiding bad investments and building a better portfolio for you future. Presented as a workshop in a book, Don s first in a series of Vestorials (investment tutorials) will make the building wealth easy for anyone. This book is not meant to be a graduate course in economics or finance. It was not created for those who truly understand how money and the investment markets work. Instead, Financial Fysics is designed to fill a hole in most people s education. For most of our lives, we are taught that investing is little more than a game. Most student s first experience with the stock market came via a short-term stock picking assignment as part of a social studies class. The only knowledge imparted through that experience was that investing was no better than gambling. Those who picked the stock that grew the most over the next few weeks were declared the winners. No skill was involved in the process. Dictionaries define investing with words like: venture, risk, and speculation. Is it any wonder that most people consider investing nothing more than a game of chance, a roll of the dice, a turn of the cards. As painlessly as possible, Financial Fysics sets out to provide that basic primer on money and investing that few, if any, of us received, at any point in our lives. It is an effort...
