## Imagined Worlds

---

By Freeman Dyson

Harvard University Press. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 8.2in. x 5.4in. x 0.6in. Imagine a world where whole epochs will pass, cultures rise and fall, between a telephone call and the reply. Think of the human race multiplying 500-million fold, or evolving new, distinct species. Consider the technology of space colonization, computer-assisted reproduction, the Martian potato. One hundred years after H. G. Wells visited the future in *The Time Machine*, Freeman Dyson marshals his uncommon gifts as a scientist and storyteller to take us once more to that ever-closer, ever-receding time to come. Since *Disturbing the Universe*, the book that first brought him international renown, Freeman Dyson has been helping us see ourselves and our world from a scientist's point of view. In *Imagined Worlds* he brings this perspective to a speculative future to show us where science and technology, real and imagined, may be taking us. The stories he tells--about Napoleonic versus Tolstoyan styles of doing science; the coming era of radioneurology and radiotelepathy; the works of writers from Aldous Huxley to Michael Crichton to William Blake; Samuel Gompers and the American labor movement--come from science, science fiction, and history. Sharing in the joy and gloom of...
