Not illustrated. 1898 Excerpt: . . . the lame side will be found to be fuller, more developed and warmer. Grasp the foot and produce a passive motion, and when the foot is dropped to the ground it will produce pain. If the animal is moved along at a fair gait the trouble will also be noticeable. TREATMENT. --Give the horse rest and Daint with Dr. Turnbills CURINE over the affected part twice a day for one week, or until a cure is effected. In hip lameness the CURINE can be used more freely as the seat of the lameness is very deep. SCOURS--DIARRHEA. Horses that have long legs, and lon and flat bodies, are more subject to diarrhea than those of a blocky build, and more especially If fed and watered immediately before driving, although any animal is liable to scours from many different causes, such as an inflammatory condition of the Intestinal canal or its annexed organs; or it may be due from eating musty food, bad condition of the teeth, impure water, etc. TREATMENT. --The first thing to look after is the kind of water and food he has been getting, and if either of these are at fault discontinue them at once. If it results from some irritant in the intestines, give a pint of raw linseed oil and the diar When you ask your dealer for Dr. Turnbills CURINE, see that you get the genuine The signature of W. A. W. Turnbull, V. M. D. . will be...
