Terror at Quabbin: Boston's Counter-Terrorism Unit

By Robert M Johnson

Createspace, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****. In 1939, just before the outbreak of World War II, the government of the Commonwealth of Massachusetts established an amazing reservoir of fresh water which came to be known as The Quabbin. The Indian word for Many Waters, the reservoir is a system of dams and aqueducts, put in place in the western section of the state, called the Swift River Valley. The waterways that made up the Swift River, then began to form a large body of water that would eventually exceed four hundred and fifty billion gallons of water. Seventy years later this system of fresh water continues to supply the city of Boston and some of the surrounding towns with water. But at the time of the creation of the dam, four well established villages in the Swift River Valley had to be erased by eminent domain. Six thousand bodies were exhumed and transferred to grave sites outside the valley. The lives of thousands of people were disrupted, some never recovered. This story is about one family that never really got over the taking...
